

**INFORMATION ITEM**

**Date:**      **October 28, 2019**

**To:**         **Kari Cremascoli, Ph.D.**  
               **Superintendent**

**From:**      **Tony DeMonte**  
               **Administrator for Technology, Information, and Safety**

**Subject:**    **Fall Enrollment Report**

Attached are tables showing District 39 Fall Enrollment data. Fall enrollment data is submitted annually to the Illinois State Board of Education based on the number of students enrolled in District 39 schools as of September 30th of the current school year.

**In-District Enrollment**

These numbers represent a “headcount” of students educated in District 39 facilities. It is important to note that this number:

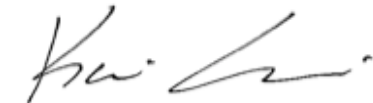

- Only includes students attending one of our six school buildings.
- Includes non-district students who attend District 39 programs (5 students).

Without Pre-K, there are 3465 students served in District 39 schools. With Pre-K, the total number of students is 3518. This number has decreased the last 4 years.

**Total Enrollment Data**

Attached are charts detailing District 39 enrollment. To calculate district enrollment, the numbers are adjusted by subtracting non-district students attending district schools and by adding back District 39 students who receive special programs outside of district schools (students outplaced in therapeutic schools, students attending parochial schools needing special education services, and early childhood itinerant speech). All total, there are 3555 students who receive educational programming through District 39.

**Recommended for presentation  
to the Board of Education**
