What is the District 39's Kindergarten Enrichment & Enhancement Program (KEEP39)?

The program requires a fee of \$6,460.

Parent Testimonials

- *“My son has benefited and grown so much through his participation in KEEP39. He comes home happy, excited and proud of the things he’s learned and the projects he’s completed. My son raves about his teachers and, of course, his friends and classmates. I am very happy with my decision to enroll him in KEEP39 as opposed to some of the other alternatives that were originally considered. Thank you D39!!”*
- *It’s great knowing my kids will be prepared for a full day when they transition to first grade, they especially love getting to eat lunch at school!*
- *“The KEEP39 program has been great fit for our daughter and our family’s needs. She enjoys the extended day and the extra time she gets to spend with her friends and teachers. We like that she gets to dive deeper into subjects that they discuss in the morning and gets the opportunity to work on additional activities and projects. The longer day was also an easier transition from her previous full day preschool/daycare program. Overall, I would highly recommend it to other parents.”*
- *“My son, has had a wonderful experience in the program this year. He has made great friendships. I love that he gets STEAM classes and does extra art projects. He also enjoys ordering lunch like his big brother and having the same drop off and pick up times (as do I). It’s been a win-win-win for our family all around and I highly recommend it to all incoming kindergartners.”*
