Dear Parents,

If you are new to Wilmette, *Welcome!* New to parenting? *Congratulations!*

The *Wilmette Early Childhood Resource Guide* is updated annually to help you find activities, educational programs, and childcare for your young children. New Trier Township Day Care Scholarships are again available for 2006, and several programs also offer tuition assistance.

The *Guide* contains only the information provided by the program, and a listing does not represent a recommendation of the program. Please call the programs directly for further information. Your choice of program should be based on your research and on-site observations.

As you connect with parent networks and activities, please let me know when you discover a resource that is not included here. The *Guide* is a “work in progress” and will continue to grow and improve with your comments and suggestions.

Please let me know if you have any questions about the *Guide*, programs of the Youth Commission, or WilWork.

Sincerely,

Vicki Hanson  
WilWork Director, and  
Wilmette Youth Commission Staff Liaison
